FILING VIA ECF

Honorable Jose L. Linares, U.S.D.J. United States District court Martin Luther King, Jr. Federal Building & U.S. Courthouse Room 5054 50 Walnut Street Newark, NJ 07101-0999

Re: Milliron v. T-Mobile USA, Inc. Civil Action No. 08-04149

Dear Judge Linares:

We write jointly with Class Counsel to request that Your Honor slightly modify the schedule set forth in the February 19, 2009 Order Granting Preliminary Approval to Proposed Settlement (the "Preliminary Approval Order") to allow for additional time to complete the process of giving notice to the Class.

Pursuant to the Preliminary Approval Order, T-Mobile has been diligently mailing notice to more than 7 million current subscribers who may be eligible for relief under the terms of the settlement. Due to a glitch in the mailing process, however, approximately 178,000 current subscribers did not receive the notice that was supposed to be mailed to them with their bills. T-Mobile intends to include the requisite notice in the next bill cycle for those customers. Unfortunately, however, the individuals may not receive the notice until approximately June 15. Accordingly, the Parties jointly propose to modify the current schedule to ensure that these individuals will have a full opportunity to consider and respond to the settlement after they receive notice.

The current schedule, and the Parties' proposed schedule, both appear below:
